 SUBARU

DID YOU BRING THE MAP?

Did you check the forecast? | Should we take the scenic route? | Should we bring that too?

When we woke up this morning, did you think we'd take off on a road trip?

WITH SUBARU, YOU KNOW THAT YOU'RE READY.

With Subaru Symmetrical All-Wheel Drive for performance and control.

Ready with versatility and comfort for passengers.

Ready with technology to reward every drive.

Ready with invigorating performance to exhilarate.

And with the safety and confidence you can expect from every Subaru.

ALWAYS READY.

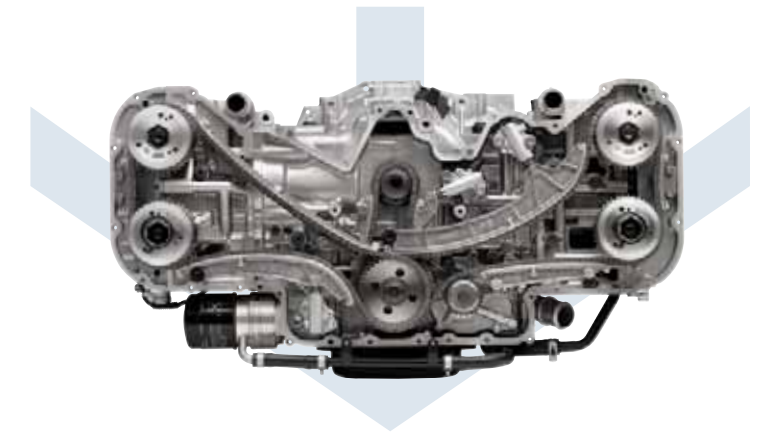

IT'S WHAT MAKES A SUBARU, A SUBARU.

CONFIDENCE YOU CAN FEEL.

ENGINEERING

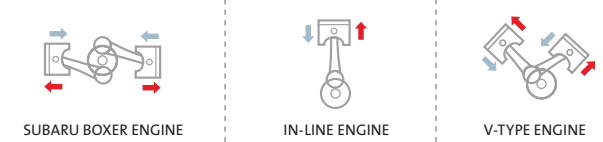

YOU CAN TRUST.

Driving a Subaru is an experience unlike any other. It starts from Symmetrical All-Wheel Drive and boxer engine, the foundation that forms the basis of every Subaru. And each component and system that goes into a Subaru is designed to enhance the control, stability and protection that you can sense with every press of the pedal and turn of the wheel.

SUBARU BOXER ENGINE

Performance. Safety. Reliability. Power, and so much more. The unique configuration of the SUBARU BOXER engine helps lower the vehicle's center of gravity. The result is more precise handling and greater overall stability. And the layout of the pistons helps ensure greater durability, smoother operation and efficient power output.

◆◆◆◆◆ AWARD-WINNING SAFETY

Every Subaru has been engineered to achieve the highest possible crash test ratings.¹ That's one of the reasons why you'll find Subaru vehicles at the top of numerous recommendation lists for safe cars. But every Subaru was also designed to provide the control, stability and active safety features that can help you avoid collisions in the first place. So hopefully, you'll never have to find out what those 5 stars really mean.

¹ Based upon 2007 best results from either NHTSA or IIHS. Government tests are part of the National Highway Traffic Safety Administration's (NHTSA's) new car assessment program. See www.safercar.gov for more details. Based upon IIHS ratings 40 mph frontal, 31 mph side, and 30 mph rear impact tests.

SUBARU SYMMETRICAL ALL-WHEEL DRIVE

Its symmetrical design and ideal balance give you enhanced stability and quick response to slippage, delivering greater traction for control and performance. Because we don't believe that driving pleasure and safety should be an optional feature, every Subaru comes standard with Symmetrical All-Wheel Drive.

GOOD FOR YOU.

GOOD FOR THE EARTH.

Our commitment to finding innovative ways of preserving the environment stems from more than just using less fuel—it's about using less, period. It's about leaving as small a footprint as possible—respecting the Earth, respecting the future, and respecting the consumer. Resulting in a company that delivers real-world benefits that everyone can enjoy.

ZERO LANDFILL STATUS

The average American produces more waste in a week than we do in an entire year. In 2004, the Subaru manufacturing plant in Indiana became the FIRST automotive plant in America to achieve ZERO LANDFILL status, with a 99% recycle rate. The other 1%? Turned into electricity.

NATURE HABITAT

Humans aren't the only species that are Subaru fans. Because in 2003, our Indiana plant became the first in America to be designated a wildlife habitat, with indigenous animals such as deer, blue herons and beavers living in peaceful coexistence with Subaru of Indiana Automotive (SIA).

Our dedication to ease the burden on the environment at every stage begins from the time that a vehicle is conceptualized to when it's fully integrated into your life. We've received ISO 14001 certification for recycling and waste reduction in every stage of manufacturing, marketing and sales. And we offer a full array of vehicles that meet PZEV (Partial Zero Emissions Vehicle) classification.¹ Some of our most popular models have received the EPA's prestigious and stringent SmartWay certification, which means they emit lower amounts of pollutants that cause smog, spew less of the carbon dioxide that causes global warming, and have impressive fuel economy compared to other vehicles in their class.² So that you can feel good about owning a Subaru, even when you're not driving it.

¹ For 2008 Outback 2.5i, Legacy 2.5i and Forester 2.5X models certified as Partial Zero Emission Vehicles (PZEV) that are sold, registered and operated in California, Connecticut, Maine, Massachusetts, New York, Rhode Island or Vermont all emission parts are covered for 15 years/150,000 miles, whichever comes first. For complete warranty and program information, including coverage and disclosures see your Subaru dealer or log on to www.subaru.com.

² For select Outback, Legacy and Forester models, the SmartWay mark is based on the vehicle's officially certified exhaust emissions and greenhouse gas scores. Visit www.epa.gov/greenvehicles for more information.

> **TRIBECA**
READY FOR MORE

Tribeca Limited in Desert Beige leather with optional navigation system and third-row seating.

THE MANIFESTATION OF MORE.

The Subaru Tribeca offers everything you already love about Subaru—innovative engineering, intelligent design, impressive control and safety with standard Vehicle Dynamics Control (VDC)—while delivering even more. More refinement. More versatility. More space. And for 2008, it also offers more power, from our new 3.6-liter 6-cylinder engine good for 256 horsepower and 247 lb.-ft. of torque that runs on regular unleaded fuel. It's paired to a 5-speed automatic with SPORTSHIFT® manual control revised for smoother and quicker shifts. From its incomparable driving experience, to its long list of updated amenities, from its smart 7-passenger seating configuration to its distinctive new design, the Tribeca is an example of what happens when the only compromise you make is to settle for more.

7 PASSENGER SEATING

Travel in comfort with five. Maximize your cargo space. Or go with seating for seven. With optional, easily-accessed third-row seating and a sliding second row, you have true flexibility. Fold one or both seats of the third row for access to the 37.6 cu. ft. of cargo space and with the second-row seats also folded, you'll have up to 74.4 cu. ft. of capacity. Whatever you need, the Tribeca offers you a seamless blend of design and functionality that gives you tons of seating options. And more.

DVD ENTERTAINMENT SYSTEM

The available rear-seat DVD entertainment system offers a large 9-inch monitor with wide screen format, wireless headphones, video iPod® compatibility (additional equipment required) and remote. You can also plug in a video camera or a console to play video games, or put the vehicle in park to watch movies on the multifunction screen in the dashboard.

THIRD-ROW ENHANCEMENTS

The third-row seatback lets you utilize the entire row for full 7-passenger capability. You can also easily access the seats from both sides of the vehicle.

REAR VISION CAMERA

See what's behind you with the help of the rear vision camera, included with the optional navigation system. It transmits images from the camera mounted above the license plate area, providing a rearward view while you're in reverse.

> **OUTBACK**
READY FOR ADVENTURE

LET'S TAKE IT OUTSIDE

Rocky paths. Damp conditions. Curves in the road. Bring it all on. With the rugged yet refined suspension of the Outback, you can tackle the roads that lead to your great adventure with confidence. Its control stability and available Vehicle Dynamics Control (VDC) system help the Outback maintain composure in virtually any weather. Its versatility ensures that your equipment is close at hand. Its intelligent proportions and efficient power appeal to your conscience. And you can motivate your Outback with your choice of a fuel-efficient 170-horsepower 4-cylinder engine, a thrilling 243-hp turbocharged 4-cylinder, or a smooth-revving 245-horsepower 6-cylinder engine. Nature beckons. Respond with the capability of the Outback.

TRANSMISSIONS

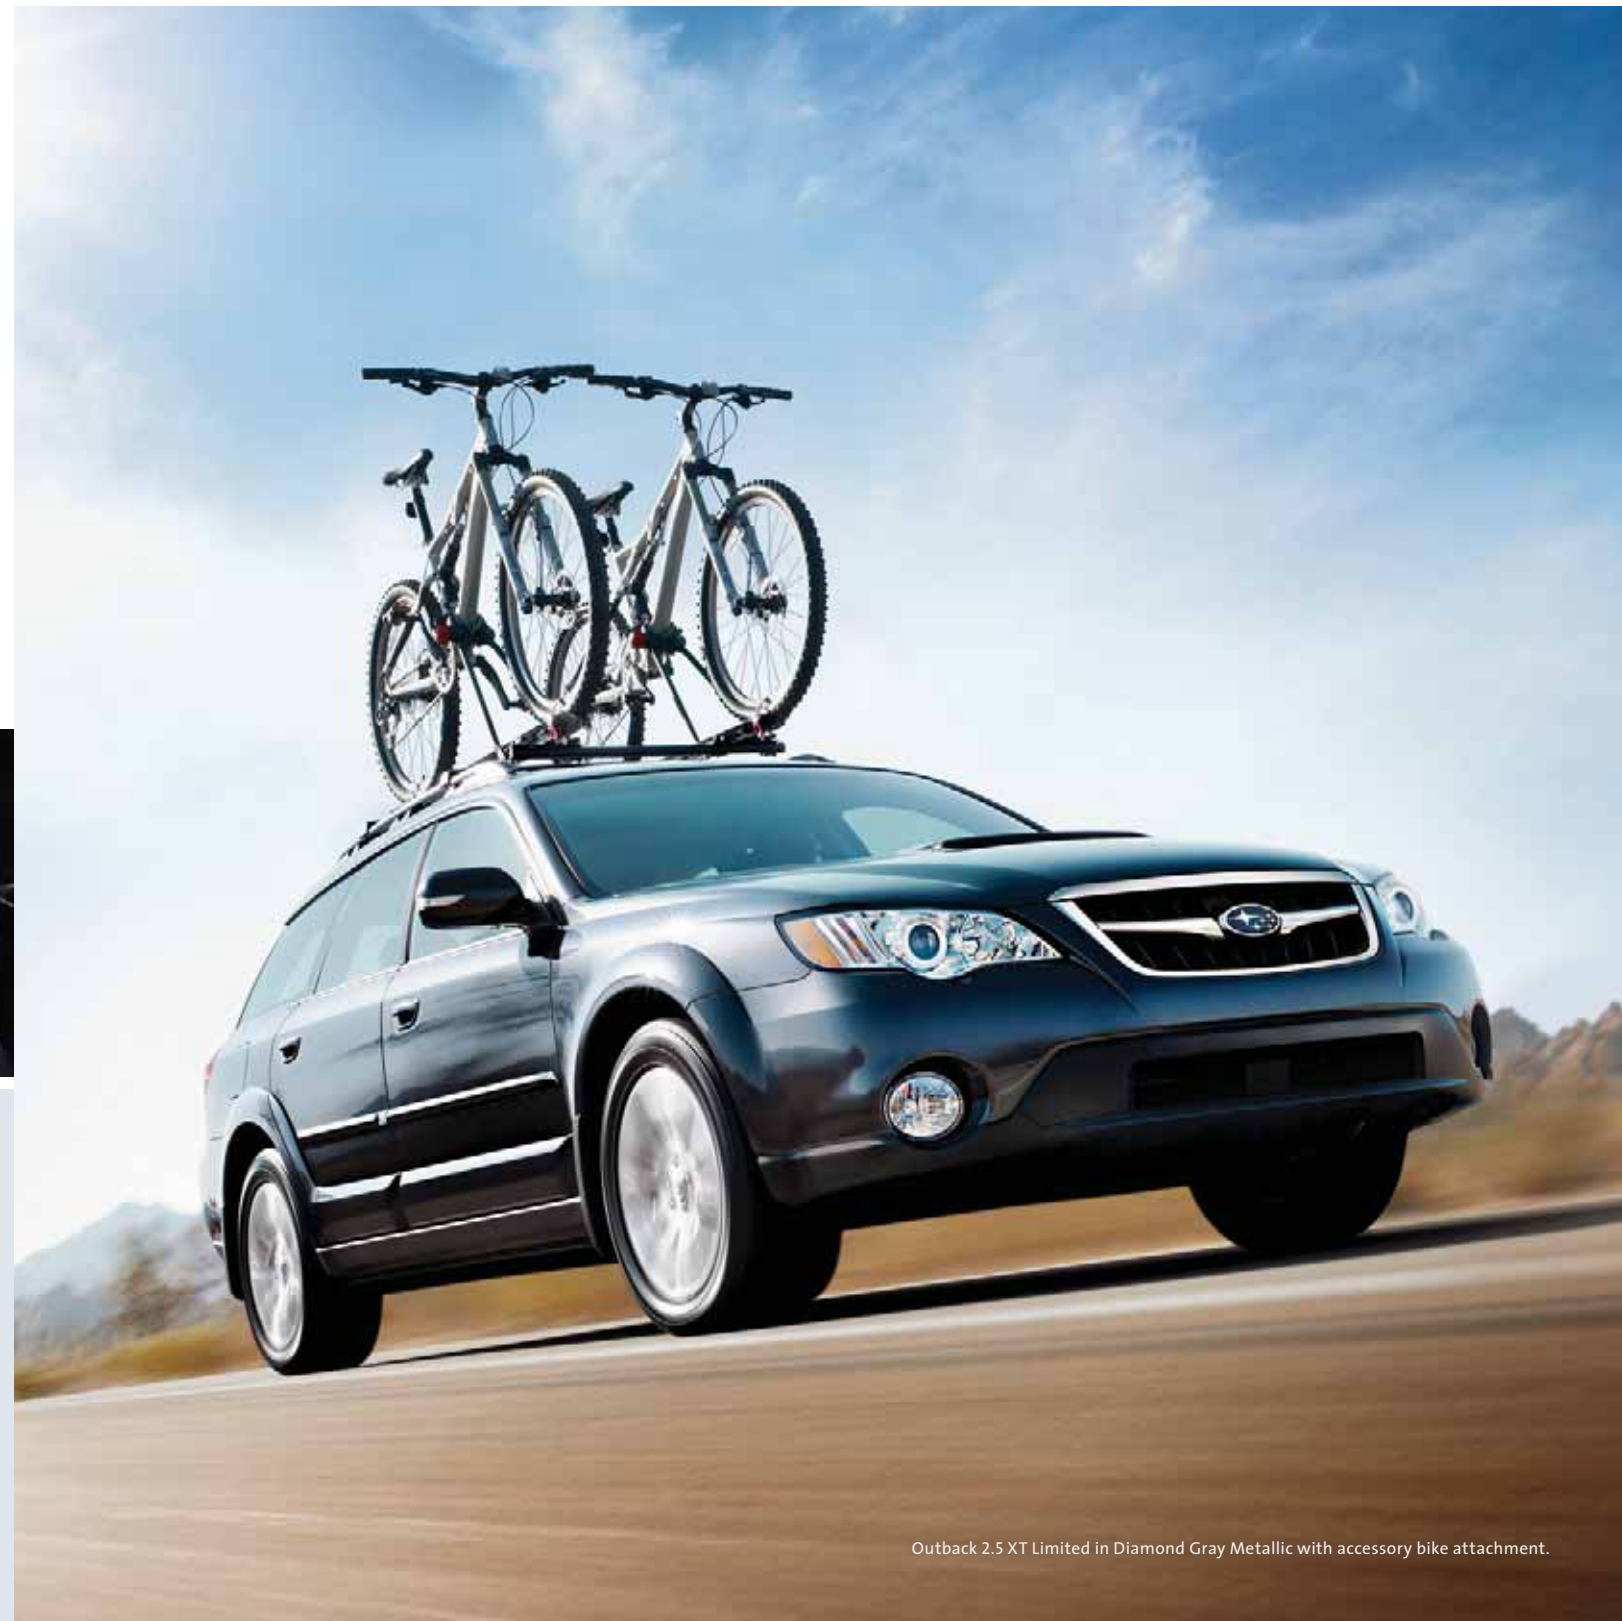

Smooth, synchronized shifting is provided by the 5-speed manual that's paired with the 170-horsepower or 243-horsepower turbocharged engine. You can also opt for the convenience of an automatic with SPORTSHIFT® manual control. The 245-horsepower 6-cylinder engine is matched to a standard 5-speed SPORTSHIFT automatic transmission.

SI-DRIVE

Maximizing engine performance and efficiency is within easy reach with the available Subaru Intelligent Drive (SI-DRIVE) that controls performance characteristics to suit your driving needs—or desires. Available on the 2.5 XT Limited and the 3.0R L.L.Bean Edition, it goes from nice and efficient to fierce in a mere flick.

HEAVY-DUTY SUSPENSION

Riding on reinforced springs, shocks and other strengthened components that comprise its heavy duty suspension, the Outback enables you to travel over rocky, uneven surfaces. And with up to 8.7 inches of ground clearance, you have the ability to clear many of the unpaved roads that would block the path of other vehicles.

Outback 2.5 XT Limited in Diamond Gray Metallic with accessory bike attachment.

Listen to rock, jazz, classical or any channel in digital-quality sound, wherever your journey may take you. Every Outback is pre-wired for XM® or SIRIUS™ Satellite Radio that lets you access over 130 channels of satellite feed.¹ Pair it with the available SRS WOW® audio enhancement system to become an instant audiophile.

¹ With your paid subscription and additional equipment.

SAT

 SATELLITE RADIO

Outback 3.0R L.L.Bean Edition with Warm Ivory/Dark Taupe leather and optional navigation system.

GET OUT THERE IN COMFORT AND STYLE.

Driving to that rugged spot becomes as remarkable as the place itself, thanks to the refined and versatile interior of the Outback. You can control your environment with the available dual-zone climate control and the available heated front seats. Find your ideal driving position with the tilt-and-telescoping steering wheel. You'll notice that exploring in an unfamiliar location becomes stress-free with the guidance of the available navigation system. And with trademark Outback versatility along for the ride, you won't have to leave anything, or anyone, behind.

L.L.BEAN EDITIONS

Enhance the official car of outdoor adventure with the premier name in outdoor equipment. Each L.L.Bean Edition is outfitted with special badging and a cargo tray, 6-disc in-dash CD changer, dual-zone climate control and 5-spoke alloy wheels. Step up to the 2.5i Limited or 3.0R L.L.Bean Edition and add 2-tone L.L.Bean embossed leather trim, power front seats and a panoramic moonroof.

PANORAMIC MOONROOF

The wide-open sky, available at the touch of a button. Significantly larger than conventional moonroofs, this unique available moonroof lets the sunshine and fresh air in for both the front and rear passengers. So you can enjoy the great outdoors without leaving your car.

CARGO AREA CAPACITY/FLEXIBILITY

Offering high levels of flexibility, the Outback can handle a myriad of differently sized objects. With both rear seatbacks of the 60/40 split-folding seats up, you can carry up to three passengers. You can also handle two passengers and a long article, or one passenger and gear for the entire team. Or fold both rear seatbacks for full access to the cargo area. With both rear seats in use, you get up to 33.5 cu. ft. of space. Put both rear seatbacks down and you can make full use of the up to 65.4 cu. ft. of cargo capacity. It also comes with a roof rack that can hold up to 100 pounds.

Just a few taps on the available navigation system and you'll have a guide, across town or across the country. When not in use, you can get information on your fuel economy, maintenance reminders, a calendar, calculator and controls for vehicle settings.

> LEGACY

READY FOR SMARTER PERFORMANCE

Legacy 3.0R Limited with Off Black leather.

UNDENIABLE APPEAL. INDISPUTABLE SMARTS.

Sometimes, attraction makes perfect sense. Take, for example, the Legacy sport sedan. Its new exterior draws glances with its sleek lines. Its redesigned interior rewards with premium features and refinement. And its performance makes your heart race with inspiring power and handling. Moved by a fuel-efficient 170-horsepower 4-cylinder engine or an exhilarating 243-horsepower turbocharged powerplant, the Legacy has the power to quicken your pulse. And now, we introduce the 3.0R Limited, powered by a velvet-smooth 245-horsepower 6-cylinder engine. Matched to a 5-speed SPORTSHIFT® automatic transmission with paddle shifters and rev-matching downshift control, and managed by the SI-DRIVE system, the 3.0R Limited proves that you can never be too rich or too smooth. Yet the Legacy remains unmistakably intelligent, with the traction of Subaru Symmetrical All-Wheel Drive and extensive safety engineering, including available Vehicle Dynamics Control (VDC). Proving you can stimulate your mind while captivating your spirit.

INTERIOR REFINEMENT

The steering wheel tilts and telescopes to suit your ideal driving position. It also houses the available controls to manage the audio system, multifunction display and the SI-DRIVE system, so that you may govern your environment exactly as you want it. And available paddle shifters keep your hands on the wheel while you choose the gear that you want. Added to an atmosphere rich in available premium features like a power moonroof and power adjustable seats, every drive transforms into an experience unlike any other.

AUDIO SYSTEM

With the available premium audio system of the Legacy, music appreciation takes a whole new meaning. You can keep your playlist close by with the auxiliary audio jack, which will accommodate your iPod® or virtually any portable media player. Just plug it in and your tunes will flow through the speakers. Or listen to rock, jazz, classical or any channel in digital-quality sound, wherever your journey may take you. Every Legacy is pre-wired for XM® or SIRIUS™ Satellite Radio that lets you access over 130 channels of satellite feed.¹ And bring it all to life with the 6-speaker audio system with available 6-disc in-dash CD changer, MP3/WMA capability and SRS WOW® 3D audio enhancement.

¹ With your paid subscription and additional equipment.

BILSTEIN® SPORT SUSPENSION

Outfitted with a Bilstein sport suspension, the 2.5 GT spec.B and the 3.0R Limited takes it a step beyond. The spec.B uses aluminum components to reduce weight. Both ride on inverted strut suspension in front, and 18-inch wheels with wide, performance-oriented tires to maintain optimal adhesion. And Vehicle Dynamics Control (VDC) helps keep it in composure.

Maximize engine performance and efficiency with the Subaru Intelligent Drive (SI-DRIVE) system of the 2.5 GT Limited, 2.5 GT spec.B and 3.0R Limited. The Intelligent mode provides smoother response and fuel efficiency. Dial it up to Sport for quick throttle feedback and linear acceleration. For enthusiastic driving, the Sport Sharp mode delivers more power sooner and greater low-end thrust.

SI SUBARU INTELLIGENT DRIVE

> FORESTER
READY FOR YOUR LIFE

Forester 2.5X L.L.Bean Edition with Desert Beige leather.

THE MOST AWARD-WINNING SUV. EVER.

The Subaru Forester is the winner of more awards than any other compact SUV in the past five years. It consistently receives the highest safety ratings of any vehicle on the road. Propelled by a naturally aspirated low-emission 4-cylinder engine that makes 173-horsepower for spirited acceleration, or fortified by an intercooled turbocharger that raises horsepower to 224, it can't help but move you. And its easy drivability and practical versatility fits in ideally to the various components of your life. Your passengers may argue over where to go for dinner, but at least they can all agree that they're riding in one of the best vehicles in its class.

68.6 CU. FT. OF CARGO SPACE

The 60/40 split-folding rear seats give you flexibility to fit your passengers and cargo. Put both seatbacks up to carry three passengers. Put one of the seats down to carry one or two passengers and a long item. Or fold both for full access to the 68.6 cu. ft. of cargo space.

PANORAMIC MOONROOF

Enjoy the great outdoors without ever leaving the comforts of your car. Much bigger than conventional sunroofs, the available panoramic moonroof opens wide to let in the sunshine and fresh air for the front and rear passengers.

AUDIO SYSTEM

The Forester is pre-wired for SIRIUS™ Satellite Radio that lets you access over 130 channels of satellite feed.¹ And you can keep your playlist close by with the auxiliary audio jack, which will accommodate your iPod® or virtually any portable media player. Just plug it in and your tunes will flow through the speakers. You can even choose the available 7-speaker premium audio system for a more multilayered sound experience.

¹ With your paid subscription and additional equipment.

L.L.BEAN EDITION

Inside the interior are seats trimmed in supple leather with exclusive Alcantara® accents. And a wood and leather-wrapped steering wheel and shifter wait for your input.

> **IMPREZA 2.5i**
READY TO MOVE

Impreza 2.5i 5-door with Ivory Tricot and Satellite Radio and Navigation Package.

SWITCH OVER TO THE FUN LANE.

It's a wide open world. And you're in the driver's seat, calling the shots. Show everyone that you prefer your fun along with a heavy dose of smarts with the brand-new 2008 Subaru Impreza. Available in your choice of 4- or 5-door, the Impreza impresses with its long list of standard and available amenities and roomy versatility. Stimulated by the 170-horsepower SUBARU BOXER engine, it's the intersection of smart efficiency and spirited acceleration. And because it's a Subaru, it doesn't skimp on driving performance, with the control, stability and handling prowess to carve any canyon road or help avoid those pesky potholes. So go out. Have a good time. And do your thing with confidence.

NAVIGATION / AUDIO

With available features like inputs for portable multimedia devices and pre-wiring for satellite radio to entertain, enlighten and inform, as well as an available touch-screen navigation system to guide the way, you may find yourself spending more time in your car than in your apartment.

VERSATILITY / ROOMINESS

Whether you choose the stylish 4-door or versatile 5-door version, Impreza gives you the flexibility of 60/40 split-folding rear seats to give you greater capacity and storage solutions. And calling shotgun may be rendered obsolete with its spacious rear leg and headroom.

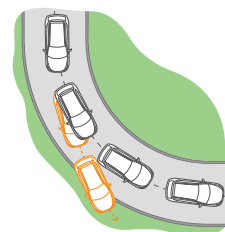

OUTBACK SPORT

Imagine all the versatility and the fun-to-drive characteristics of the new Impreza, and add a raised suspension. Now you have the Impreza Outback Sport, which enables you to travel over uneven surfaces that would stand in the way of other vehicles.

The available electronic stability control system helps keep you on your intended path by measuring variables such as steering input, braking and vehicle angle. Sensing any slide that causes the vehicle to deviate from your intended course, VDC applies individual brakes and/or reduces engine power to counteract the slide and help keep you safely in control. In conjunction with Brake Assist and Incline Start Assist,¹ it gives you the uncompromising safety that you can expect from Subaru.

VDC VEHICLE DYNAMICS CONTROL

¹ Incline Start Assist available only with manual transmission and optional Premium Package.

> IMPREZA WRX
READY FOR ACTION

Impreza WRX 5-door with Premium Package in Spark Silver Metallic.

TRAINED AROUND THE GLOBE. MASTER OF THE STREET.

Four wheels, driven by desire. Long before the first Subaru Impreza WRX laid tracks on American tarmac, a devoted U.S. fan base was following its victorious adventures around the globe. In World Rally Championships. In the tuner world of the street. It is the turbocharged, all-wheel-drive icon. And now, we introduce the all-new action-packed 2008 Subaru Impreza WRX. Available in 5-door or 4. An all-new rear suspension to make you one with the road. Performance-design front seats to hold you in while you do it. Reshaped, yes. Reformed, never. Master of the street... remastered.

Impreza WRX 4-door with Carbon Black Checkered cloth.

TURBOCHARGED

The force-fed induction engine delivers 224-horsepower and 226 lb.-ft. of peak torque that you can access at a low 2,800 rpm, giving you power across the rev band. And thanks to a new intercooler and turbocharger, it's 50 lbs. lighter than last year's car.

SUSPENSION

A new double-wishbone rear suspension intimately ties the WRX to the asphalt. A lengthened wheelbase allows for a more intelligently configured interior and a smoother, more buttoned-down ride quality. The WRX also comes standard with 17-inch 10-spoke aluminum wheels.

NAVIGATION SYSTEM

Just a few taps on the high-resolution touch-screen of the available GPS navigation system and you'll have a co-pilot across town or across the country. When not in use, you can get information on your fuel economy, check maintenance reminders, and use a calendar and calculator. It even controls some vehicle settings.

VEHICLE DYNAMICS CONTROL (VDC)

The standard electronic stability control system helps keep you on your intended path by measuring variables such as steering input, braking and vehicle angle. Sensing any slide that causes the vehicle to deviate from your intended course, VDC applies individual brakes and/or reduces engine power to counteract the slide and help keep you safely in control. In conjunction with Brake Assist and Incline Start Assist, it gives you the uncompromising safety that you can expect from Subaru.

SWRT SUBARU WORLD RALLY TEAM

In the 18 years since Subaru first entered the World Rally Championships, it has remained a dominant force in the series, boasting numerous championships. The knowledge, analysis and passion derived from these experiences go into the development of every Subaru. Racing is in our blood. Winning is part of our DNA.

SUBARU OWNERSHIP BENEFITS

Enjoying your Subaru for years to come—that’s the promise of our comprehensive warranties and roadside assistance program.¹ It’s a fact attested to by 95% of Subaru vehicles sold in the past 10 years that are still on the road today.² It’s the confidence you feel when you get behind the wheel.

NEW CAR LIMITED WARRANTY
3 years or 36,000 miles, whichever comes first.

POWERTRAIN LIMITED WARRANTY
5 years or 60,000 miles, whichever comes first.

RUST PERFORATION LIMITED WARRANTY
5 years, unlimited mileage.

WEAR ITEM LIMITED WARRANTY
3 years or 36,000 miles, whichever comes first. We cover you where others don’t. Repairs to the following items will be covered under warranty.

- Brake Pads
- Wiper Blades
- Clutch Linings
- Transmitter Batteries
- Shoe Linings

THE SUBARU ROADSIDE ASSISTANCE PROGRAM This comprehensive package covers all 2008 Subaru vehicles during the first 3 years or 36,000 miles, whichever comes first. By calling the toll-free number in the Owner’s Information Kit, Subaru owners can take advantage of any of the following benefits:

- 24-hour Roadside Assistance, seven days a week, 365 days a year, throughout the continental United States including Alaska.
- Emergency Towing Service to the nearest authorized Subaru dealer.
- Emergency Roadside Assistance for jump starts, gasoline (up to two gallons), flat tire change, emergency lockout service (lost key or key is locked in the vehicle) and emergency fluid replacement.

SUBARU ADDED SECURITY™ It’s possibly the most important option you choose. Protect your investment with a Subaru Added Security extended service contract—the only one backed by Subaru of America, Inc. Ask your salesperson for coverage details and assistance in selecting the plan that’s best for you, up to 7 years or 100,000 miles.

SUBARU.COM Begin your Subaru experience right in your own home. Here, you can find extensive information, including specs, photos and reviews. Build your own Subaru, locate dealers and schedule a test drive. After your purchase, activate your free My.Subaru site, where Subaru owners can track their vehicle’s service history, schedule service appointments, receive special offers exclusive to My.Subaru members and much more.

¹ For complete warranty and program information, including coverage and exclusions, see your Subaru dealer.
² Based on R. L. Polk & Co. registration data in the U.S. 1997 to 2006.

- Automatic climate control system
- Available 10-speaker audio system with SRS Circle Surround Automotive audio enhancement
- Available touch-screen navigation system with SIRIUS satellite radio³
- 60/40-split flat-folding rear seatback

¹ The Supplemental Restraint System (SRS) (air bags) affords the driver and the front and rear outboard passengers additional protection in moderate to severe frontal and side-impact collisions (additional side-impact protection when equipped with side curtain air bags and/or side-impact air bags, depending on model). This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon bag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat. ² With your paid subscription and additional equipment. ³ XM or SIRIUS Satellite Radio hardware (depending on model) included when equipped with optional navigation system. Activation and monthly subscription sold separately. See your dealer. ⁴ Some 2008 Outback and Legacy models with the naturally aspirated 2.5-liter engine distributed for sale in California (and in Maine, Massachusetts, New York and Vermont, which have adopted California Specification Emission Control Systems and Warranties and are registered for use in those states) will be specially equipped to meet the California-certified Partial Zero Emission Vehicle (PZEV) credited Super Ultra Low Emission Vehicle (SULEV2) requirements. The manufacturer's PZEV emission control system warranty coverage is for 15 years or 150,000 miles, whichever comes first. For complete warranty information, including coverage and exclusions, see your Subaru dealer. ⁵ Not available on base Outback.
